# Looking for a Different Kind of Yarn Shop?

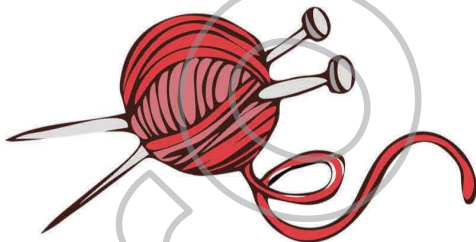

The goods you'll find at ASHEVILLE NC HOMECRAFTS are truly unique

For Generations, women in the Southern Appalachians have added touches of beauty and comfort into their lives using the "everyday" resources they found at home and from the surrounding mountains.

From making baskets using local plants to knitting and spinning yarn from homegrown animal fibers, nothing was wasted - rather what they had was turned into useful things.

With this heritage in mind, we offer one-of-a-kind hats, scarves and gloves; all designed and handcrafted by over 150 gifted local artisans - not mass produced or imported.

We also offer specialty yarns made from angora, alpaca, mohair, llama as well as other locally sourced animal fibers.

The **ASHEVILLE NC HOMECRAFTS** Difference

Knitting & Needle felting Supplies

Featuring Handspun & Local Yarns

Operated by WNC Natives
